

The Galley® Introduces the 2014 Galley Collection®

The Ideal Kitchen Workstation™

PRESS RELEASE

TULSA, OK - The Galley, the Tulsa-based, award-winning manufacturer of the original kitchen workstation for residential and multi-unit projects has unveiled a new collection of super-functional Ideal Workstations (IWS).

As stylish as it is functional, The Galley's IWS accommodates a growing list of demands for the hub of the home. *"We are very pleased to be launching our next generation of Galley Workstations. The Galley is about function and style and this new line has been engineered to be more functional and more stylish than ever,"* said CEO Scott Anderson. *"The Galley is literally reinventing the way people are thinking about and using their kitchens."* The Galley Collection is available in various sizes ranging from two to seven foot lengths. All models include a fabricated one-piece 10" deep, double-tier single bowl kitchen sink made of 16-gauge 304 stainless steel with a custom "Angel" finish and a complimentary Culinary Kit. These kits include versatile, interchangeable accessories such as custom designed colanders, mixing bowls with lids, cutting boards, and drain racks. Only with The Galley Ideal Workstation can you prepare, serve, entertain and clean up all in one convenient place! The Galley makes working in the kitchen easy, efficient and enjoyable.

The Ideal Workstations are designed to fit standard sized American and European cabinets and feature reversible sinks with side drains to maximize storage space under

the cabinet. The IWS 2, 3 and 4 include 13" wide upper- and lower-tier accessories, while the IWS 5, 6 and 7 include 17" wide dual-tier accessories.

Ideally, the IWS is installed in a kitchen island or peninsula so that the cook can participate in the interaction with family and friends while preparing a meal. Furthermore, the cook can invite others to join in the fun with the larger models allowing for multiple people to work comfortably side-by-side. With a Galley Ideal Workstation, your kitchen, and the way it functions for you, will be never be the same.

###

About The Galley:

The award-winning, innovative Galley Workstation is much more than a sink, it is a super-functional, smart and stylish workstation where prepping, serving, entertaining, and clean-up can all happen in one convenient place. It is ideal for any indoor or outdoor kitchen and works perfectly in both large and small kitchens. The workstation is available in six sizes: the IWS 2, 3, 4, 5, 6, and 7, and is also available in custom sizes by special order.

Each Galley Workstation is constructed using premium-grade materials. Please [click here](#) to contact one of our exceptional dealers in your area, or you may [contact us](#) directly if there is not yet a dealer in your area.
