Collection Changes 2021

New Products	See page
Ideal Workstation 30S This new xx-small size fits a standard 30” sink base cabinet.	14
Ideal WashStations™ 4D, 4S, 3S, 30S, 2C Specifically designed for clean up and a very practical addition to any Workstation in the kitchen, our new WashStation line includes four Wash Tools available in Graphite, Gray and White finishes.	24
Ideal Work&WashStations™ 7D, 6D, 5D, 4D Our Work&WashStation (formerly “Double Bowl Workstation”) is the perfect solution for kitchens that do not allow for a separate Workstation and WashStation. A Culinary Kit and Wash Kit are both included.	38
Ideal Corner Workstations and WashStations 4X4C, 4X3C, 3X4C Get the most out of your kitchen with our 4’x3’, 3’x4’ and 4’x4’ Workstations and WashStations configured for inside and outside corners. Custom sizes available.	18 & 32
Ideal BarStation 2 This large BarStation size fits a standard 24” sink base cabinet. Our BarStations have been updated to include a 6” Upper Tier Garnish Board, 6” Lower Tier Mini Drying Rack, and 6” Upper Deck. Available in all materials and finishes.	45
Ideal HydroStation™ Specifically designed for our Hot & Cold Tap, our new HydroStation fits a standard 12" cabinet, and includes a Drink Plate for glasses and cups. Available in all four of our finishes.	63
Custom WorkTops + ADA Workstations We can now integrate any Workstation into a stainless steel countertop of various thicknesses and shapes with or without a backsplash. We can also customize any Workstation to be ADA compliant with an overall basin height of 6”. An ADA Culinary Kit with 4” high mixing bowls and colanders are included.	65

New Products	See page
SilentArmor™ All basins are fully wrapped with our new SilentArmor sound reduction technology. SilentArmor reduces the noise and vibration of our stainless steel by up to 96%!	06
Culinary Kits Our Culinary Kits have been simplified and improved. We now include a CKT 17 for medium, large and x-large Workstations and a CKT 12 for mini, xx-small, x-small and small Workstations. Both Culinary Kits will now include one Upper Deck section and all Drying Racks have been upgraded from aluminum rods to stainless steel rods.	08
Wash Kits Our new WashStations include a 6” Lower Tier Wash Caddy (new), 6” Upper Tier Utensil Caddy, 12” Lower Tier Wash Bowl (new) and 9-1/4” Upper Tier Drying Rack (new). Available in Bamboo & Gray, Graphite, White and Gray.	24
Tap and BarTap These Taps are now available high-flow 2.2gpm and eco-flow 1.8gpm, and with or without a commercial quality 2.0 gpm high-flow, 7,900 gallon capacity filtration system. Our Taps include Q-Dock, our new interlocking docking system that quietly docks the hand spray while maintaining a perfect, secure fit.	83 & 85
Ideal Hot & Cold Tap Available early 2022 Separate water delivery system dispenses hot and cold filtered water at the pull of a lever, ideal for preparing, cooking and drinking. Digital Hot Tank included and high flow filtration system required.	87
Water Filtration System For a healthier lifestyle, we now offer a commercial quality high-flow 2.0gpm, high capacity 7,900 gallon water filtration system. Certified to NSF 42, 53 and 342 standards, our new system removes particles from 0.5 micron in size and reduces lead, chlorine, cysts, and other contaminants. It can be ordered with the Tap, BarTap, and Hot & Cold Tap.	95
Pot Filler Tap Our new wall mounted Pot Filler Tap coordinates beautifully with the rest of our Tap line. It extends up to 24” and was designed for when cooktops are located on a wall and a Tap is not close by. A separate rough-in part is required.	91
citrine In our quest to provide the finest care for the Galley product line we developed a line of best in class care and maintenance products. Our citrine Stainless Steel Clean + Polish and Wood Condition + Protect are food-safe, NSF registered and available in 9 fl oz bottles. Each Workstation includes a citrine sample care kit.	98

Eliminate every reason why you don't like to cook

The Galley makes everything in your kitchen easier and more enjoyable. Slide the Galley Culinary Tools above and below each other to prepare a meal efficiently. Invite others to join in the fun and work side-by-side at a two or three person Workstation. Stay engaged and enjoy spending quality time with your family and friends around the Galley. Eliminate time-consuming clean up by preparing, cooking, serving and entertaining within the Workstation.

Make the problems of your kitchen disappear

Ideal Work&WashStation™ 6D with Designer White Resin Culinary Kit and Wash Kit, Matte Stainless Steel Taps, Hot & Cold Tap, Soap Dispenser, and Deck Switches

Divide and conquer

The Work&WashStation™ allows you to separate food preparation or prepare and wash in one Workstation. It is ideal when only one larger Workstation is possible. A thin stainless steel partition raises only to the lower tier allowing Cutting Boards and Drying Racks the freedom to slide all the way across both basins on the Lower Tier. This is also great for Kosher Cooking!

This is not your grandma's double bowl sink

Ideal Workstation 4S + 18" DryDock with Graphite Wood Composite Culinary Kit and DryDock Tool, PVD Gun Metal Gray™ Stainless Steel Tap, Soap Dispenser, and Deck Switch

The Galley Workstation takes on a bold form

Expand the functionality of your Galley without sacrificing under-counter storage or appliances by adding a 18 or 12 inch Built-in DryDock to either or both sides of any single or double bowl Workstation. Highly engineered for function, it expands the useful space in the basin by allowing you to dock your Culinary Tools to the side when you need more space.

Make the most of your Galley

† The Upper Deck requires a 1/4" clearance below the surface of the countertop. If the countertop thickness is 2cm or less, Bamboo Upper Deck sections will not have the needed clearance to function above the Upper Tier Culinary Tools.

Please refer to Culinary Kit Finish descriptions for planning.

Custom options are available for countertops that are 1/2" or less in thickness.

Ideal Workstation 3S with Exclusive Gray Resin Culinary Kit,
Apron Front, Polished Stainless Steel Tap

Custom Workstations

Tailor Made

The Galley offers you the ability to create your very own Workstation or WashStation™. Apron Front, custom lengths, integrated Galleys with stainless steel WorkTops, ADA, you name it and we can probably do it. Our highly trained factory craftsmen love a good challenge!

Dare to be different

Ideal Workstation 4S with Graphite Wood Composite Culinary Kit,
PVD Satin Black Stainless Steel BarTap., Soap Dispenser, and Deck Switch

Let’s take it outside

Experience the power of the Galley Workstation and Tap in your outdoor kitchen. Stay outdoors and enjoy spending quality time with your family and friends as you prepare, cook, serve, entertain, and clean right next to your grill. Made of marine grade 316L Stainless Steel, the Tap and Workstation with Graphite Wood Composite, Designer White or Exclusive Gray Resin Culinary Tools are ideal for both indoor and outdoor use.

Revolutionize outdoor living

Taking it to the next level

The Upper Deck is a modular third tier workspace and cover system available in all four finishes. The sections slide apart for easy removal and each one can be used individually on the countertop tier. Use as a complete set to cover the Workstation or individually as work surfaces.

The Galley Tap

WORLD CLASS QUALITY

State-of-the-art quality and manufacturing precision is evident throughout every millimeter of the Galley Tap® line. Machined out of solid AISI 316L Stainless Steel, this dynamic faucet is ideal for both indoor and outdoor use.

The Galley Tap and accompanying BarTap®, Hot & Cold Tap, Soap Dispenser and Deck Switch are available in six flawless Stainless Steel finishes: Matte, Polished, PVD Gun Metal Gray™, PVD Satin Black, PVD Brushed Gold*, and PVD Polished Rose Gold*.

GALLEY PVD
A suit of armor

The Physical Vapor Deposition (PVD) process vaporizes a solid metal to a plasma of atoms or molecules; the vapor is then deposited in a vacuum chamber as a high-performance coating. Used in the aerospace and biomedical fields, PVD is the hardest and most corrosion-resistant coating to strengthen and protect your Tap for a lifetime. It is more environmentally friendly than traditional coating processes such as electroplating and powder coating.

Use & Care

Stainless Steel Basin:
For everyday cleaning, we recommend cleaning the Galley basin with citrine® Stainless Steel Clean + Polish. This will restore the luster and keep the tiers sleek to allow the Tools to glide freely. On behalf of the cabinet(s) beneath the Galley Workstation, we highly recommend that you do not put ice directly in the Basin for an extended period of time. Doing so may result in condensation on the exterior of the Basin, therefore causing potential damage to the interior of the cabinets.

Graphite Wood Composite Tools:
The Graphite Tools can be cleaned in the dishwasher. For surface marks and light scratches use a Maroon Scotch-Brite® pad to lightly buff the surface. Please note this will lighten the area affected with the original patina returning over time. Graphite Wood Composite is heat-resistant up to 350°F degrees. This product should only be used for preparing and serving food and never placed on or in any stove top, oven or grill.

Resin Tools:
Resin Tools can be cleaned in the dishwasher. Designer White Resin only: Spray bleach directly onto the boards to remove heavy stains. Let sit for 15-20 minutes or until stains dissolve. Wash thoroughly with soap and water. Resin Tools are heat-resistant to 180°F degrees.

Bamboo and Walnut Tools:
Once a month use the enclosed citrine® Wood Condition + Protect to condition the wood. This will help prevent splitting, and give the Bamboo and Walnut a nice, burnished look. For cleaning after use, hand wash with soap and water. Be sure to let wood dry completely. From time to time, as with any cutting board, you may notice vegetable stains settling into the board. This is normal and is not a health concern but can diminish the beauty of the wood. For stains, scrub coarse salt over the surface of the board with a sponge, then rinse and dry. On rare occasions, odors can also ingrain themselves in the wood. You can resolve this by rubbing a simple paste of baking soda and water over the board occasionally before rinsing and drying. If water is left pooled on the wood, it can cause discoloration. It is important to keep all areas dry after use. Proper care and cleaning of your Bamboo and Walnut Tools will ensure they last for years to come.

Wash Tools:
Polypropylene Wash Bowl and Wash Caddy: Hand wash thoroughly with soap and water.

Drying Racks:
Bamboo: Hand wash with soap and water, dry thoroughly and apply citrine® Wood Condition + Protect. All other finishes are dishwasher safe.

Salt Water Environments:
316L stainless is suitable for outdoor applications. The best way to protect stainless steel is to clean it frequently. If salt has time to establish itself on the surface, the effects of the chemical reaction will soon become visible. In salt air environments, we recommend cleaning the stainless steel surface at least every two weeks to keep your basin in prime condition.

How To Restore the Original Luster of Your Galley:
For any questions please contact The Galley Headquarters at 800.375.4255 or customerservice@thegalley.com.

Use & Care

Chef's Block:
Your new Chef's Block has already been oiled with our citrine® Wood Condition + Protect, (food-safe, of course!), so you can start enjoying it right out of the box.

For the best long-term life: We recommend for the first couple of weeks that you oil your Chef's Block 2 or 3 more times. This will help build up its resistance to moisture and strengthen the wood for a long, healthy life. After that, a quick application every couple of months should suffice. To start you off right, we have included a sample of our citrine® Wood Condition + Protect.

For simple cleaning: Hand wash using warm water with dish soap and a damp sponge or cloth. Allow your Chef's Block to dry thoroughly before the next use. The wood should never be fully submerged in water or placed in the dishwasher. If your Chef's Block ever smells less than fresh, you can simply rub a paste of baking soda and water over the board before rinsing and drying.

The Galley Workstation Limited Lifetime Warranty

1. Galley Workstation Limited Lifetime Warranty – Seller provides a Limited Lifetime Warranty. Seller warrants its stainless steel sink, installed in a residential application, to be free from manufacturing defects in materials and workmanship under normal residential usage. This Limited Lifetime Warranty is subject to the warranty conditions and limitations as set forth below.

2. Warranty Conditions and Limitations – Seller's warranty is non-transferable and is strictly limited to products correctly installed using our installation instructions and used in a residential environment. This warranty is limited to defects or damages resulting from normal residential use and does not cover surface corrosion, (chemical or natural, including exposure to salt air, sea spray, acid rain, or environmental chemicals), scuffs or scratches, misuse, abnormal or abusive use, dents, deformations caused by the impact of any object, improper installation, care and/or maintenance, commercial use, environmental factors causing damage, shipping or freight damage, or common signs of normal wear and tear, (scratching, staining and alkaline etching of the finish over time due to use, cleaning practices or water or atmospheric conditions, are not manufacturing defects but are indicative of normal wear and tear however, these symptoms are easy to remedy). This limited warranty is null and void if the Product has been repaired, altered, or modified other than by Seller or under Seller's supervision. The Seller is not responsible for labor charges, installation or other incidental or consequential costs. In no event shall the liability of Seller exceed the purchase price of the product. If the product is installed outside of North America, Seller warrants product to be free from defects in material and workmanship for one (1) year from the date the product is installed, with all other terms of this warranty applying except duration. If the product has not been purchased from Seller or from an Authorized Dealer or Distributor of the Seller, this warranty is null and void.

3. Culinary Tools – The Culinary Tools are not covered under warranty. If a defect is found in normal residential use, Seller will, at its election, repair, replace or make appropriate adjustment. All items made of Natural Golden Bamboo or Walnut should not have prolonged exposure to direct sunlight or be stored outdoors.

4. Care and Maintenance – For care and maintenance instructions of all Galley products, please refer to the Use and Care section on thegalley.com.

5. Warranty Claims – These warranties are in effect for Seller's Products purchased on January 1st, 2015 and thereafter. For warranty claims, please contact your Authorized Galley Dealer, or you may write to:

The Galley, LLC.
Attn: Warranty Claims
12626 South Memorial Drive
Bixby, OK 74008

Please include the original receipt with a description of the problem, model number, store, date of purchase, your name, address, and telephone number.

The Galley Tap Limited Lifetime Warranty

1. Galley Tap Limited Lifetime Mechanical Warranty – Seller provides a Limited Lifetime Mechanical Warranty. Seller warrants its products, installed in a residential application, to be free from manufacturing defects in materials and workmanship under normal usage for the useful life of the product. This Limited Lifetime Mechanical Warranty is subject to the warranty conditions and limitations as set forth below.

2. Galley Tap Limited Lifetime Finish Warranty – Seller provides a Limited Lifetime Finish Warranty. For the following Finishes: Polished Stainless Steel, Matte Stainless Steel, PVD Satin Black Stainless Steel, PVD Gun Metal Gray™ Stainless Steel, PVD Polished Rose Gold Stainless Steel and PVD Brushed Gold Stainless Steel, seller warrants its finishes, installed in a residential application, to be free from manufacturing defects in materials or workmanship for the useful life of the product. Please refer to the Seller's Care Instructions for the proper maintenance of Seller's finishes. This Limited Lifetime Finish Warranty is subject to the warranty conditions and limitations as set forth below.

3. Warranty Conditions and Limitations – Seller's Mechanical and Finish warranties are non-transferable and are strictly limited to products correctly installed using our installation instructions and used in a residential environment. Mechanical or finish problems which result from abuse, misuse, improper installation, improper maintenance, (including not properly winterizing the Tap in outdoor installations), improper cleaning, proximity to bodies of saltwater, or accidental damage such as scuffs and scratches are not covered by this warranty. Seller does not assume liability for labor charges, removal and re-installation expenses, freight or postage charges, or injuries resulting from a defective product. This warranty does not allow recovery of incidental or consequential damages such as loss of use, property damage, or any other consequential damage and Seller accepts no liability for such damage. Seller does not assume any responsibility other than to repair or replace the defective part(s) after Seller, upon its examination, has determined the product to be defective and the defective part(s) are covered by the Limited Lifetime Warranty expressed in this warranty. Whether to repair or replace the product shall be at the sole election of the Seller. In no event shall the liability of The Galley exceed the purchase price of the Tap. The use of Plumber's Putty will void this warranty. A non-corrosive epoxy silicone sealing compound may be used. Seller hereby disclaims all other warranties, expressed or implied, other than those set forth in this warranty. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

4. Care and Maintenance – For care and maintenance instructions of all Galley products, please refer to the Use and Care section on thegalley.com.

5. Warranty Claims – These warranties are in effect for Seller's Products purchased on January 1st, 2017 and thereafter. For warranty claims, please contact your Authorized Galley Dealer, or you may write to:

The Galley, LLC.

The Galley Hot & Cold Tap Limited Lifetime Warranty

1. Galley Tap Limited Lifetime Mechanical Warranty – Seller provides a Limited Lifetime Mechanical Warranty. Seller warrants its products, installed in a residential application, to be free from manufacturing defects in materials and workmanship under normal usage for the useful life of the product. This Limited Lifetime Mechanical Warranty is subject to the warranty conditions and limitations as set forth below.

2. Galley Tap Limited Lifetime Finish Warranty – Seller provides a Limited Lifetime Finish Warranty. For the following Finishes: Polished Stainless Steel, Matte Stainless Steel, PVD Satin Black Stainless Steel, PVD Gun Metal Gray™ Stainless Steel, PVD Polished Rose Gold Stainless Steel and PVD Brushed Gold Stainless Steel, seller warrants its finishes, installed in a residential application, to be free from manufacturing defects in materials or workmanship for the useful life of the product. Please refer to the Seller's Care Instructions for the proper maintenance of Seller's finishes. This Limited Lifetime Finish Warranty is subject to the warranty conditions and limitations as set forth below.

3. Galley Ideal Hot Water Tank Five (5) Year Limited Mechanical Warranty – Seller provides a Limited Mechanical Warranty. Seller warrants its Ideal Hot Water Tank, installed in a residential application using our installation instructions to be free from manufacturing defects in materials and workmanship under normal usage for a period of five (5) years from the date of purchase. Seller strongly recommends that a certified high flow water filtration unit be installed with the Hot Water Tank as unfiltered water with impurities can clog the dispenser and void the warranty. This Limited Mechanical Warranty is subject to the warranty conditions and limitations as set forth below.

4. Warranty Conditions and Limitations – Seller's Mechanical and Finish warranties are non-transferable and are strictly limited to products correctly installed using our installation instructions and used in a residential environment. Using a different Hot Tank with The Galley Hot and Cold Tap other than the Galley Ideal Hot Water Tank will void this warranty. Mechanical or finish problems which result from abuse, misuse, improper installation, improper maintenance, (including not properly winterizing the Tap in outdoor installations), improper cleaning, proximity to bodies of saltwater, or accidental damage such as scuffs and scratches are not covered by this warranty. Seller does not assume liability for labor charges, removal and reinstallation expenses, freight or postage charges, or injuries resulting from a defective product. This warranty does not allow recovery of incidental or consequential damages such as loss of use, property damage, or any other consequential damage and Seller accepts no liability for such damage. Seller does not assume any responsibility other than to repair or replace the defective part(s) after Seller, upon its examination, has determined the product to be defective and the defective part(s) are covered by the Limited Lifetime Warranty and Limited Warranty expressed in this warranty. Whether to repair or replace the product shall be at the sole election of the Seller. In no event shall the liability of The Galley exceed the purchase price of the Tap or Hot Water Tank. The use of Plumber's Putty will void this warranty. A non-corrosive epoxy silicone sealing compound may be used. Seller hereby disclaims all other warranties, expressed or implied, other than those set forth in this warranty. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

5. Warranty Claims – These warranties are in effect for Seller's Products purchased on January 1st, 2019 and thereafter. For warranty claims, please contact your Authorized Galley Dealer, or you may write to:

The Galley, LLC.
Attn: Warranty Claims
12626 South Memorial Drive
Bixby, OK 74008

Please include the original receipt with a description of the problem, model number, store, date of purchase, your name, address and telephone number.

The Galley Water Filtration System Limited Lifetime Warranty

1. Galley Water Filtration One (1) Year Limited Mechanical Warranty – Seller provides a Limited Mechanical Warranty for the complete Filtration System (including the cartridge). Seller warrants its Filtration System, installed in a residential application using our installation instructions, to be free from manufacturing defects in materials and workmanship under normal usage for a period of one (1) year from the date of purchase. Defects must be reported to Seller within the warranty period. Seller strongly recommends that a new cartridge be installed every six (6) months for maximum results. Cartridge must be replaced every 12 months maximum. This Limited Mechanical Warranty is subject to the warranty conditions and limitations as set forth below.

2. Warranty Conditions and Limitations – Seller's Mechanical warranties are non-transferable and are strictly limited to products correctly installed using our installation instructions and used in a residential environment. Mechanical problems which result from abuse, misuse, improper installation, improper maintenance, (including not properly winterizing the Tap and Filtration System in outdoor installations), improper cleaning, proximity to bodies of saltwater, accidental damage such as scuffs and scratches, or noncompliance with applicable codes and ordinances are not covered by this warranty. Seller does not assume liability for labor charges, removal and reinstallation expenses, freight or postage charges, or injuries resulting from a defective product. This warranty does not allow recovery of incidental or consequential damages caused by accident, fire, flood, excessive head or cold, Acts of God, misuse, or misapplication that result in loss of use, property damage, or any other consequential damage and Seller accepts no liability for such damage. Seller does not assume any responsibility other than to repair or replace the defective part(s) after Seller, upon its examination, has determined the product to be defective and the defective part(s) are covered by the Limited Lifetime Warranty and Limited Warranty expressed in this warranty. The cost of installation and labor to install warranted parts, including trip charges, are not covered by this warranty unless Seller has approved in writing. Whether to repair or replace the product shall be at the sole election of the Seller. In no event shall the liability of The Galley exceed the purchase price of the Tap or Filtration System. Seller hereby disclaims all other warranties, expressed or implied, other than those set forth in this warranty. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

3. Warranty Claims – For claims covered by the Limited Warranty of The Water Filtration System, the defective part or the product must be returned to us immediately after discovery of the material defect and not to exceed the warranty period set forth above. The part or product must be returned to the original point of shipment, freight prepaid, along with the Returns Good Authorization form. Seller is not responsible for any cost of shipping or transportation incurred in connection with the return of the part or product. Returning the part or product in a way that does not ensure integrity of the part or product during shipment may result in a voided warranty.

These warranties are in effect for Seller's Products purchased on January 1st, 2019 and thereafter. For warranty claims, please contact your Authorized Galley Dealer, or you may write to:
